RECRUITMENT

Cultural Linguistic

State Council Plan & MADC

Becky has a rough draft of a plan she will be sending to John. It speaks to recruitment and training.

Recruitment Subcommittee

-Mike Bartlinski has stepped down as Chair for the Recruitment Subcommittee. It would be nice if the Chairperson had a linkage to higher education, but it is not a limitation.

-Deidre Davis has volunteered to be on the committee.

-Maureen will speak to Tracey regarding the Recruitment Committee Chairperson role.

Other

We would like to explore a new subcommittee to look at E-learning. What is out there and what is available for initial certification.

John would like to speak to Tracey regarding a job opportunities board at the MADC convention.

We may want to consider a field placement directory that would also include a high school program.

RETENTION

Question was asked if the National Survey is a similar survey to the State Survey?

The National Council will be offering statewide data- is this information that we can use in place of our own survey?

Maureen will send a copy of the National Survey for all to review.

QUESTIONS FROM LAST MEETING

What are immediate needs that would require legislation in 2011?

Cindy offered these answers:

Short Term- Bring trainees under the authority of the board

Long Term- Propose legislation for course curriculum

NEXT MEETING- WEDNESDAY DECEMBER 1, 2010
